DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Claim 11 has been "canceled".

The amendment has been made to clearly indicate that claim 11 as presented by applicant's amendment filed on 10-25-2006 is canceled since applicant has incorporated claim 11 in claim 9 and inadvertently failed to indicate the cancellation of claim 11 in the amendment as filed by the applicant.

Allowable Subject Matter

2. Claims 9, 10 and 12-19 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record fail to teach or suggest alone or in combination, the limitations: "a first diode having a first terminal coupled to a first end terminal of the secondary winding; a second diode having a first terminal coupled to a second end terminal of the secondary winding and having its second terminal connected to the second terminal of the first diode; a resistor having one terminal connected to the node between the two diodes and having its other terminal coupled to a central tap of the secondary winding" as claimed in claim 11.

Art Unit: 2821

Claims 10 and 12-19 are allowed as being dependent over claim 9.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
